Welcome to 'Brides of Christ'. I am enormously impressed with the high level of professionalism and talent that has been exhibited by all departments during this pre production period. It is an exceptionally fine crew which I'm certain will make for something very special on screen.

Please however continue to raise any problems or concerns with Adrienne Read, Joanne Rooney or myself at every stage during the shoot.

As you're aware, some of the material in our scripts could unnecessarily distress some Catholics. Although we have liturgical advisors, the nature of the material seems to upset most particularly the older members of the faith.

Therefore, please be scrupulous with your scripts.... most especially at Santa Sabina, Douglas Park and St Scholastica as there are many members of the clergy there who are not immediately evident as religious because of their dress.

Thank you for all your support in this matter.

Warmest Regards,

Sue Masters
